

We Source | We Procure | We Supply

Your Trusted Procurement Partner in Every Critical Moment.

Speed. Precision. Global Reach.

From urgent sourcing to complex, multi-supplier projects, Omega International brings 20 years of expertise delivering fast, reliable, and cost-optimized procurement solutions, anywhere in the world.

Company Overview

About Omega International

We specialize in transactional procurement for industrial clients who can't afford delays, errors, or inflated costs. Based in the US and operating globally, we support procurement teams in Oil & Gas, Power & Utilities, Petrochemicals, Aerospace, Defense, Marine, Mining, and Infrastructure.

What sets us apart?

-  **Speed with Accuracy**
We respond to RFQs in hours, not days—without compromising precision.
-  **Precision Sourcing**
From hard-to-find parts to OEM-only items, we source what others can't.
-  **Low MOQs? No Problem**
Whether a single item or a bulk order, we support every request with equal rigor.
-  **Access to OEMs & Domestic Pricing**
We source directly from top OEMs and authorized distributors at competitive prices.
-  **Customized Procurement Solutions**
We tailor workflows to meet urgent, complex, and multi-supplier needs.
-  **Consolidated Global Shipments**
With warehouse hubs in key regions, we streamline delivery and documentation while cutting costs.
-  **Client-First Mindset**
Your needs and deadlines guide our process. We prioritize operational fit over speed alone.
-  **End-to-End Reliability**
From RFQ to delivery, we stay accountable with professionalism and transparency.

We are not just a catalogue. We are your sourcing team, activated.

Sectors We Serve

We support procurement teams in industries where timelines are tight and precision matters

Oil & Gas

Upstream, Midstream, Downstream

Power & Utilities

Substations, generation, grid support

Petrochemical & Refining

Equipment, safety systems, specialist parts

Aerospace & Aviation

Civil, defense, MRO support

Defence & Security

Certified, export-compliant sourcing

Marine & Offshore

Shipyards, offshore operations

Mining

Wear parts, heavy-duty spares, plant equipment

Infrastructure & Construction

Urban and industrial-scale projects

If your project has complexity, urgency, or global dimensions, Omega is built for it.

Product Categories

Valves, Actuators & Controls

Ball, gate, globe valves, safety relief valves, actuators, solenoids, positioners, control modules

Electrical Components & Lighting

Explosion-proof fittings, panels, lighting (including DALI), junction boxes, cable trays, terminal blocks

Instrumentation & Automation

Transmitters, flow meters, level sensors, PLCs, SCADA parts, calibration tools

Process & Mechanical Equipment

Pumps, compressors, heat exchangers, pressure vessels, expansion joints, filtration systems

Safety Systems & PPE

Gas detectors, fire suppression, arc flash clothing, ATEX gear, and high-performance PPE.

Tools, Welding & Maintenance Equipment

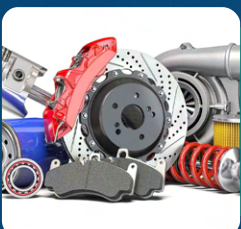

Industrial power tools, torque wrenches, welding gear, grinders, and workshop supplies.

Aviation, Marine & Offshore Spares

Hydraulic parts, avionics, navigation lights, ESD tools, marine cables, and lifeboat gear.

Custom & Hard-to-Find Items

Discontinued parts, low-MOQ orders, multi-line RFQs, and project-based solutions.

Our Strengths

Global Sourcing Agility

We maintain real-time databases of suppliers across **North America, Europe, the Middle East, and Asia**, sourcing faster and more competitively.

Hard-to-Find? We'll Find It.

From discontinued parts to niche specs, we deliver what others can't.

Rapid Turnaround

Lean, responsive process, no red tape from RFQ to shipment.

Global Warehousing & Export Expertise

Warehouses in the USA and Europe ensure smooth, compliant global shipping.

Trusted OEM Partnerships

We work directly with top OEMs and authorized distributors to meet all technical and safety standards.

Scalable Procurement for Any Scope

From a single unit to complex projects, we scale with your needs.

How We Work

Request for Quotation (RFQ)

You send us your requirements, part numbers, specs, and any deadlines. The more detail, the better.

Smart Sourcing Begins

We search our trusted global network for the best match: verified suppliers, competitive pricing, and lead times that meet your schedule.

Proposal Submission

You receive a clear, consolidated quote, priced for value, not inflated for margin.

Purchase Order & Fulfilment

Once your PO is received, we handle everything: supplier coordination, quality checks, logistics, and documentation.

Delivery & Aftercare

Your goods arrive as promised. We stay on hand to support warranty, follow-up sourcing, or repeat orders.

Success Snapshots

Currently handling record volumes of RFQs and orders across their global operations

98% RFQ Response Rate within 24 Hours
Across multiple time zones

Over 50,000+ SKUs Sourced in 2025 Alone
Including niche and low-volume items

Average Quote-to-PO Conversion Time : Under 3 Days

Let's Talk . Send Us Your Next RFQ .

Omega International LLC is ready to support your procurement challenges, whether it's urgent, complex, or business as usual. Let's simplify your workload, lower your costs, and deliver results you can count on.

We are ISO 9001, 14001, and 45001 certified, and proudly recognized as an MWBE in New York and New Jersey-demonstrating our commitment to quality, sustainability, safety, and diversity.
